

NMRWA Board of Directors Candidate Search

The Nine Mile Run Watershed Association, an environmental nonprofit organization based in Wilkinsburg and founded in 2001, regularly seeks new members for its Board of Directors. This dynamic and innovative organization restores and protects the Nine Mile Run watershed, while working regionally to support and implement resilient solutions for a healthy urban environment. NMRWA has been a leader for many years in the effort to make green solutions and their associated community benefits a part of our regional plan for clean water compliance. Board members serve three year terms, during which they oversee and support NMRWA operations, determine the future strategic direction of the organization, and help find a variety of resources to support its work.

The Board has a need for members with experience and skills in marketing, fundraising, environmental sciences, landscape architecture and green stormwater infrastructure, especially those with an understanding of the nonprofit sector and social enterprise. In addition, the Nominating Committee is seeking people skilled in human resource management, finance and accounting, business and law. One of the Board's goals is to achieve greater racial diversity to better reflect the population of the Watershed communities. Recently retired people looking to put their skills to work in the service of an important community mission would also make welcome additions to the Board.

For more information about the organization's history and current programs, please go to www.ninemilerun.org, www.stormworkspgh.com, and www.rosedalerain.com. Candidates with an interest are encouraged to contact the Nominating Committee chair, Jason McBride, (jmcbride@wadetrim.com) or NMRWA Executive Director Brenda Smith (Brenda@ninemilerun.org, or 412-371-8779 ext. 113).
